

MOTOR VEHICLES

Permission must be granted by the office before motor vehicles may be used for transportation to and from school. To obtain permission the following steps must be taken:

There must be an agreement signed concerning the manner in which a motor vehicle will be used. This agreement must be signed by both the parent/guardian and the student. The agreement reads as follows:

Dear Parent or Guardian:

Your son/daughter has requested the privilege of driving a motor vehicle to school. We of the school prefer that students do not drive motor vehicles to school. However, recognizing that certain circumstances might make it necessary for vehicles to be driven to school, we of the Gallatin County School #7, with your approval are willing to grant this privilege upon certain conditions. The school feels that you should be made aware of them. Therefore, we are asking you to assist us in controlling the vehicle problem by signing the following agreement which is to be returned to the school if the student is permitted to drive a motor vehicle to school. Permission to use the motor vehicle may be revoked upon the violation of the agreement. In such case you will be notified.

Respectfully yours,
Jara Mitchell, Principal

AGREEMENT

We realize that for the welfare of the driver and others that the following conditions must be maintained by the driver if he/she is to drive a vehicle to school and agree to abide by these conditions:

1. The vehicle will be driven directly to the school and will be parked in the designated parking lot.
2. The driver will obey all signs, street and highway markings, signal lights and other traffic regulations.
3. The vehicle, after being parked, will neither be used nor occupied during the school day including the lunch hour except by special permission from the office.
4. The driver must have proof of insurance.
5. The driver must pay a \$21 parking fee before a parking permit will be issued.

Date	Signature of Driver	Signature of Parent/Guardian
